

GABC Booster Bash

The Booster Bash is an annual event and is the single largest fundraising event for our club.

Usually held in the Spring each year the “Bash” is always well attended and includes dinner, a cash bar and lots of great items and events to buy/bid. We have live and silent auctions but our main attraction is the REVERSE AUCTION.

In a Reverse Auction, patrons purchase tickets which are numbered and entered in into a software program. During the Bash the numbers are randomly selected by the computer until there is only one number remaining. This is our Grand Prize Winner. In our first two years the grand prize has been \$10,000!! This event is for 21 and older. More details to come.
